THE above Medicinal Beverage is manufac-tured by the proprietor, at his distiliery, in Schledam, Helland, expressly for medicinal

Schiedam Schnapps.

Schledam, Heliand, expressly for medicinal use.

It is now some twenty years since the proprietor first introduced it to the American public, and during that time he has received over three thousand letters from physicians, indorsing it as the purset liquor they have ever used in their practice.

It is made from barley of the finest quality, selected with great care from the products of the most celebrated grain-growing districts, is flavored with the essence of the aromatic juniper-berry of haly, and is reclified by a peculiar process, which expels from the spirit every acrid particle.

As a means of preventing and correcting the disagrecable and often dangerous effect produced upon the stomach and bowels by a change of water—a visitation to which travelers, new settlers, and all unacclimated persons in the West, the South, and Southwest are peculiarly liable—the Schiedam Archamatic Schnapps will be found absolutely infallible; while in cases of dropay gravel, obstructions of the kidneys, diseases of the bladder, stricture, dyspepsia and general debility, it is recommended most emphatically by the most distinguished members of the medical profession. It is put up in quart and plut bottles, in cases, with the name of the undersigned on the bottle and cork, and a fac-simile of his signature on the label. For sale by all respectable druggists and country merchants.
